## HELP

Heartfulness - Experience Life's Potential

A 16-week certificate course on Life-skills integrated with Heartfulness practices for self-development by Heartfulness Education Trust for Students

## Our Vision

Our vision is to enable teachers and students to live a balanced, purposeful, and a happy life using heart-based practices, so that they are equipped to contribute towards a sustainable school reform and community citizenship.

HELP is a 16-week certificate course for students on life-skills and values that equip them with Heartfulness practices, skills and knowledge for quality educational outcomes.

## The HELP Program - Theory of Change

THE NEED	THE INTERVENTION	THE IMPACT
<p>It is a well-known saying that “Our Children are our Future”. These children, under the current system of school education, are largely being nourished by their teachers.</p> <p>The result oriented education system puts a lot of pressure on students as per UNESCO<sup>1</sup> and NCERT<sup>2</sup>. As a result students do not have time and space to spend on other skill building activities including their fundamental values.</p> <p>While students develop well and become subject-matter experts, most of them lack the basic life skills.</p> <p>There is little time to focus on values and morals. A slow downfall in the moral standards of today’s youth is quite visible in our current society.</p>	<p>HELP: ‘Heartfulness –Experience Life’s Potential.’ Impart the Heartfulness practices to students through a 16- week certificate course.</p> <p>The course will cover:</p> <ul style="list-style-type: none"> <li>- Heartfulness tools and techniques.</li> <li>- Essential life skills like managing stress, time, conflicts, habits, etc.</li> <li>- Basic human values and positive relationships.</li> </ul>	<ul style="list-style-type: none"> <li>- Improvement in concentration and focus levels in students.</li> <li>- ‘Centered<sup>3</sup> Students’: where ‘centeredness<sup>4</sup>’ is defined as a person who is confident, emotionally stable and balanced.</li> <li>- A life where stress is well managed, leading to a joyful and happy society.</li> <li>- Students displaying qualities like compassion, love and respect for each other.</li> </ul>

## About Heartfulness Education Trust (HET)

Heartfulness Education Trust (HET) was born from the vision that the most effective way to transform society in a generation is to provide teachers with the opportunity and tools for change and empower them to transform their students. HET comes under the umbrella of a group of organizations, including Shri Ram Chandra Mission (SRCM), Sahaj Marg Spirituality Foundation (SMSF), and Heartfulness Institute (HFI). Together they work towards social transformation by offering Heartfulness methods for individual change. Our self-development programs in schools and colleges are creating a culture of values for both teachers and students, through practical methods of relaxation, introspection and meditation.

Heartfulness has centers in over 130 countries, serving more than one million people worldwide. To know more about the Heartfulness techniques, please visit [www.heartfulness.org](http://www.heartfulness.org). Heartfulness is offered free of charge, although educational institutions may contribute to out-of-pocket incidental charges. We encourage participants in these programs to take up the Heartfulness practices if they like them, without obligation. Programs can also be customised according to the venue, audience and sponsoring organisation's requirements.

## Course Outline

The HELP program is a 16-week certificate course for college students. This course will be delivered as weekly sessions, with one-hour per week as the delivery mechanism. Every session will cover a unique topic on life skills and values, followed by practical experiential session on Heartfulness tools and techniques. A typical session breakup is as follows:

- 20 minutes: Topic-related presentation and interaction
- 20 minutes: Experiential session on Heartfulness Meditation tools
- 5 minutes: Q&A and follow-up

Topic-related presentations will be guided by high-quality video content. Topics will include various elements of science, activities, stories, quotes and morals, which are built into the presentations. The video will equip the presenter with interactive tools to engage with the students and communicate the message in a subtle yet powerful way, where the students learn by listening and engaging actively. The booklet will help students with content and activities related to the topics.

## The Journey so far

### December 2017

#### Representation to the Commissioner, Board of Intermediate Education, Government of Andhra Pradesh, Mrs. B. Udaya Lakshmi, I.A.S

On 10th December 2017, Heartfulness Institute gave a representation to Mrs. B. Udaya Lakshmi, I.A.S with regards to the stress faced by students especially in the Residential Intermediate Colleges in the state of Andhra Pradesh. We requested the Board of Intermediate Education, Government of Andhra Pradesh to include the **free of cost** Heartfulness workshops which would be conducted by our trainers in government and private intermediate colleges, for a duration for 2-3 months, to catalyse a marked change in the lives of the student community, thereby contributing to the overall happiness and wellbeing of the state.

#### Recommendation by the Commissioner, Board of Intermediate Education

Mrs. B. Udaya Lakshmi, I.A.S on 11th December 2017 recommended Heartfulness workshops in all Government Junior Colleges, Government Aided Colleges and Private Unaided Colleges through recommendation RC No. SPL/BIE/2017 to include meditation sessions daily in the time table schedule for a duration of 1-2 months which would be conducted by Heartfulness Trainers. The students were introduced to Heartfulness tools in 3 daily introductory sessions which were followed by weekly sessions to help them towards deeper experiential understanding.

### Observations made in students after the conclusion of workshops in Intermediate Colleges

The following observations were made from the feedback received from students and college managements:

- Considerable reduction in stress and anxiety levels
- Improved concentration and memory
- A more balanced state of mind
- Curbed the unfortunate tendency of suicides in some residential junior colleges.

**May 2018**

**Recommendation by the Commissioner, Board of Intermediate Education, Government of Andhra Pradesh, Mrs. B. Udaya Lakshmi, I.A.S**

Mrs. B. Udaya Lakshmi extended her recommendation for the academic year 2018-19 based on the positive feedback from college managements and students through Rc.No:05/BIE/2018, dt: 19th May 2018 addressing the principals of all Government Junior Colleges, Government-Aided Colleges and Private Unaided Colleges to conduct Heartfulness workshops for a duration of 16- weeks.

**The HELP Program**

During the academic year 2018-19 Global Heartfulness Guide Shri Kamlesh D. Patel decided to introduce Life-skills topics in 16-weekly sessions along with Heartfulness tools. The Program was named HELP - Heartfulness - Experience of Life's Potential. Mrs. B Udaya Lakshmi also gave her valuable inputs on which topics should be included. Our research and media team started developing high quality interactive video content exclusively for this program.

Topics	
Goals and Aspirations	Ethics & Human Values
Healthy Habits	Decision Making Skills
Overcoming Stress	Conflict Resolution
Time Management	Overcoming Obstacles
My Strengths	Leadership Skills
Self-Confidence	Communication Skills
Power of Thought	Health & Hygiene
Healthy Relationships	Sharing & Caring

# Execution Strategy

Delivering the HELP course to such a large number of students spread across all districts of AP is a challenging task. A simple and scalable three-step approach model was designed to deliver content to all students in the selected colleges.

1. Identify Champions who will take responsibility for colleges. One champion for 2-3 colleges.
2. Heartfulness core team of trainers will train these Champions on the content and delivery.
3. Champions will deliver the course to the students in their respective colleges.

## Champions

The success of any program on this scale depends on the effectiveness of the champions who are the actual members in the field, delivering the content to the students.

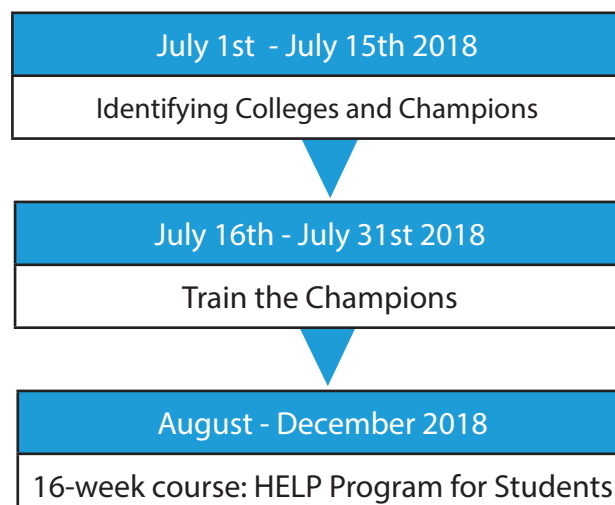

- Champions are be a combination of volunteers, prefects and lecturers.
- Champions will deliver the Life-Skills topic to students.
- After training they be capable of both digital delivery as well as by themselves.
- Content is given to Champions as videos along with booklet
- All champions underwent training before content delivery

## Delivery

The content delivery mechanism has a two-fold approach:

- 1. Digital Delivery:** Colleges with projectors will be able to use the digital mode of delivery with high quality videos, which is the preferred approach. This helps in a uniform delivery mechanism that will be captivating and attractive to students.
- 2. Champions Delivery:** In those colleges without audio-visual equipment, the Champions will deliver the content to the students by first going through the video content and preparing themselves.

# What Next

The rollout of the program started in the beginning of August 2018 and by first week of September, about 240 Champion Lecturers with support from Heartfulness volunteers have been able to reach out to about 600 colleges and about 1,50,000+ students have started attending the HELP program. The overall program plan for this academic year 2018 – 2019 is to cover 800+ Government, Government Aided and Private junior colleges across the entire state of Andhra Pradesh covering a total of 2 lakh students and helping them learn the essential life-skills and meditation tools and techniques that will help them excel in all aspects of their lives. By middle of September 2018, the program plan is to have started the meditation sessions in 700+ junior colleges and the HELP program sessions will be systematically rolled out on a weekly basis. The overall plan is to complete the 16-week sessions latest by December 2018.

## Impact Assessment

Impact assessment surveys have been systematically prepared by the research team by carefully selecting the appropriate psychometric questions in the surveys aligning with various different scales of measurement. These scales of measurement are:

- Positive Thinking
- Motivation
- Self-esteem
- Stress
- Sleep quality
- Sleep Disturbance
- Personal Growth Initiative
- Attention
- Hope
- Self-Efficacy

The baseline measurement of impact assessment survey is going in as part of the introductory session of HELP program in various schools and the data will be collected and digitized for analysis by the research team. The endline measurement will again be done during the final session of the HELP program and a report will be created by the research team related to improvements in these above-mentioned scales.
