The HELP Program

HELP

Heartfulness - Experience Life's Potential

A 16-week certificate course on Life-skills integrated with Heartfulness practices for self-development by Heartfulness Education for Junior College Students

Our Vision

Our vision is to enable teachers and students to live a balanced, purposeful, and a happy life using heart-based practices, so that they are equipped to contribute towards a sustainable school reform and community citizenship.

HELP is a 16-week certificate course for students on life-skills and values that equip them with Heartfulness practices, skills and knowledge for quality educational outcomes.

The HELP Program - Theory of Change

THE NEED	THE INTERVENTION	THE IMPACT
<p>It is a well-known saying that "Our Children are our Future". These children, under the current system of education, are largely being nourished by their teachers.</p> <p>The result oriented education system puts a lot of pressure on students as per UNESCO¹ and NCERT². As a result students do not have time and space to spend on other skill building activities including their fundamental values.</p> <p>While students develop well and become subject-matter experts, most of them lack the basic life skills.</p> <p>There is little time to focus on values and morals. A slow downfall in the moral standards of today's youth is quite visible in our current society.</p>	<p>HELP: 'Heartfulness – Experience Life's Potential.' Impart the Heartfulness practices to students through a 16- week certificate course.</p> <p>The course will cover:</p> <ul style="list-style-type: none"> - Heartfulness tools and techniques. - Essential life skills like managing stress, time, conflicts, habits, etc. - Basic human values and positive relationships. 	<ul style="list-style-type: none"> - Improvement in concentration and focus levels in students. - 'Centered³ Students': where 'centeredness⁴' is defined as a person who is confident, emotionally stable and balanced. - A life where stress is well managed, leading to a joyful and happy society. - Students displaying qualities like compassion, love and respect for each other.

About Heartfulness Education Trust (HET)

Heartfulness Education Trust (HET) was born from the vision that the most effective way to transform society in a generation is to provide teachers with the opportunity and tools for change and empower them to transform their students. HET comes under the umbrella of a group of organizations, including Shri Ram Chandra Mission (SRCM), Sahaj Marg Spirituality Foundation (SMSF), and Heartfulness Institute (HFI). Together they work towards social transformation by offering Heartfulness methods for individual change. Our self-development programs in schools and colleges are creating a culture of values for both teachers and students, through practical methods of relaxation, introspection and meditation.

Heartfulness has centers in over 130 countries, serving more than one million people worldwide. To know more about the Heartfulness techniques, please visit www.heartfulness.org. Heartfulness is offered free of charge, although educational institutions may contribute to out-of-pocket incidental charges. We encourage participants in these programs to take up the Heartfulness practices if they like them, without obligation. Programs can also be customised according to the venue, audience and sponsoring organisation's requirements.

Course Outline

The HELP program is a 16-week certificate course for college students. This course will be delivered as weekly sessions, with one-hour per week as the delivery mechanism. Every session will cover a unique topic on life skills and values, followed by practical experiential session on Heartfulness tools and techniques. A typical session breakup is as follows:

- 20 minutes: Topic-related presentation and interaction
- 20 minutes: Experiential session on Heartfulness Meditation tools
- 5 minutes: Q&A and follow-up

Topic-related presentations will be guided by high-quality video content. Topics will include various elements of science, activities, stories, quotes and morals, which are built into the presentations. The video will equip the presenter with interactive tools to engage with the students and communicate the message in a subtle yet powerful way, where the students learn by listening and engaging actively.

The HELP Program in Andhra Pradesh

The Journey so far

December 2017

Representation to Mrs. B. Udaya Lakshmi, I.A.S, Secretary, Board of Intermediate Education, Government of Andhra Pradesh,

On 10th December 2017, Heartfulness Institute gave a representation to Mrs. B. Udaya Lakshmi, I.A.S with regards to the stress faced by students especially in the Residential Intermediate Colleges in the state of Andhra Pradesh. We requested the Board of Intermediate Education, Government of Andhra Pradesh to include the **free of cost** Heartfulness workshops which would be conducted by our trainers in government and private intermediate colleges, for a duration for 2-3 months, to catalyse a marked change in the lives of the student community, thereby contributing to the overall happiness and wellbeing of the state.

Recommendation by the Secretary, Board of Intermediate Education

Mrs. B. Udaya Lakshmi, I.A.S on 11th December 2017 recommended Heartfulness workshops in all Government Junior Colleges, Government Aided Colleges and Private Unaided Colleges through recommendation RC No. SPL/ BIE/2017 to include meditation sessions daily in the time table schedule for a duration of 1-2 months which would be conducted by Heartfulness Trainers. The students were introduced to Heartfulness tools in 3 daily introductory sessions which were followed by weekly sessions to help them towards deeper experiential understanding.

District wise Details of Workshops conducted in the academic year 2017-18(Dec 2017 to Feb 2018)

No. of Students - 51752

No. of Institutions - 115

S.No	District	No. of Institutions	No. of Participants
1	Krishna	33	25091
2	Guntur	12	5425
3	Visakhapatnam	8	1213
4	Anantapur	21	5007
5	Kurnool	10	3951
6	Chittoor	31	11065
	Total	115	51752

Observations made in students after the conclusion of workshops in Intermediate Colleges

The following observations were made from the feedback received from students and college managements:

- Considerable reduction in stress and anxiety levels
- Improved concentration and memory
- A more balanced state of mind
- Curbed the unfortunate tendency of suicides in some residential junior colleges.

May 2018

**Recommendation by Mrs. B. Udaya Lakshmi, I.A.S, Secretary, Board of Intermediate Education,
Government of Andhra Pradesh**

B. UDAYA LAKSHMI, I.A.S.
SECRETARY
BOARD OF INTERMEDIATE EDUCATION

Rc.No.05/BIE/2018

Dated. 19.05.2018

To,
All the Principals,
Govt. Junior Colleges / Govt. Aided Colleges / Pvt.Un-Aided Colleges.
Andhra Pradesh.

Dear Principal,

Sub: Conduct of - Heartfulness programs at Intermediate Colleges in AP-
Regarding.

Ref : Heartfulness Zonal Coordinator's letter dated 4th May 2018.

Kind attention is invited to the reference cited and accordingly all the Principals of Government Junior colleges, Government Aided Colleges and Private unaided Junior Colleges are hereby informed that Heartfulness Institute has again come forward with a proposal to conduct a series of meditation workshops to reduce stress levels, nurture ethics and moral values among Intermediate Students in Andhra Pradesh. Heartfulness Institute a non-profit organization has already conducted meditation workshops for 50,000+ Intermediate students in the previous academic year and as per the reports received from various colleges it was found highly beneficial to the students for

1. Considerable reduction in Stress and Anxiety levels.
2. To Improve Concentration and Memory.
3. With better balanced state of mind.
4. Curbed the unfortunate tendency of suicides among the students in some of the Residential Junior Colleges.

Hence for the current year also a program schedule was proposed as follows.

1. Introduction sessions on 3 consecutive days(1 hour per day) where students will be taught meditation and relaxation practices.
2. 16-weekly sessions (1 session per week) by trainers who will conduct value-

based programs along with group meditation activities.

In this regard, I request all the Principals of all Government Colleges, Government Aided Colleges, Private un aided Junior Colleges to engage the services of Heartfulness trainers and volunteers to conduct the proposed programs in a meticulous way and to allocate daily one hour in the evening in the respective schedule of Time Table to allow interested students to practice meditation for a duration of 16 weeks to catalyze a marked change in the life style of the student community, thereby to contribute to the overall happiness and wellbeing of the state.

The following is the list of Zonal Coordinators who will organize the sessions with the help of 500+ trainers from their respective Districts/ Cities:

Whenever Heartfulness Teams visit or contact the concerned principals you are requested to extend your full cooperation and provide necessary assistance to them as the training to students is rendered by them **in a selfless way, i.e on "free of cost" basis** and inform all the students to make use of this program to improve their life – skills and reduce the stress levels.

Hence you are hereby directed to make use of their services for the benefit of the student community at large to reduce the suicidal tendencies and to develop a positive and pragmatic approach in the mindset of the teenaged intermediate students.

 (B. Udaya Lakshmi I.A.S)
 Commissioner & Secretary
 Intermediate Education

Mrs. B. Udaya Lakshmi extended her recommendation for the academic year 2018-19 based on the positive feedback from college managements and students through Rc.No:05/BIE/2018, dt: 19th May 2018 addressing the principals of all Government Junior Colleges, Government-Aided Colleges and Private Unaided Colleges to conduct Heartfulness workshops for a duration of 16- weeks.

Scope of the Program during Academic Year 2018-19

13 Districts

500 Colleges

2,00,000 Students

Program

Training on Life Skills integrated with experiential
Heartfulness Meditation Sessions

Purpose

Improved Concentration
Effective Stress Management
Balanced Living

Period

16 weeks course for Students, weekly one-hour sessions

Goal

Inspired and engaged students, a joyful environment and
overall happiness

The HELP Program - Heartfulness - Experience of Life's Potential

Heartfulness Guide Dr. Kamlesh D. Patel suggested the topics on life-skills topics for 16-weekly sessions to be included with Heartfulness Meditation tools. The Program was named **HELP - Heartfulness - Experience Life's Potential**. Mrs. B Udaya Lakshmi also gave her valuable inputs on which topics should be included. Our research and media team started developing high quality interactive video content exclusively for this program.

Topics	
Goals and Aspirations	Smart Goals
My Strengths	Power of Thoughts
Communication Skills	Balance
Need for Courage	Courage & Confidence
Heartfulness Yoga	Leadership Skills
Decision Making Skills	Time Management
Healthy Living	Designing Destiny
Sustainable Development	Managing Stress

Execution Strategy

Delivering the HELP course to such a large number of students spread across all districts of AP was a challenging task. A simple and scalable three-step approach model was designed to deliver content to all students in the selected colleges:

1. Identify Champions who will take responsibility for colleges. One champion for 2-3 colleges.
2. Heartfulness core team of trainers will train these Champions on the content and delivery.
3. Champions will deliver the course to the students in their respective colleges.

Champions

The success of any program on this scale depends on the effectiveness of the champions who are the actual members in the field, delivering the content to the students.

- Champions were a combination of volunteers, prefects and lecturers.
- Champions delivered the Life-Skills topic to students.
- After training they were capable of both digital delivery as well as by themselves.
- Content was given to Champions as videos along with booklet
- All champions underwent training before content delivery

Delivery

The content delivery mechanism had a two-fold approach:

- 1. Digital Delivery:** Colleges with projectors used the digital mode of delivery with high quality videos, which was the preferred approach. This helps in a uniform delivery mechanism that will be captivating and attractive to students.
- 2. Champions Delivery:** In those colleges without audio-visual equipment, the Champions delivered the content to the students by first going through the video content and preparing themselves.

Timelines

Training the Champions

The colleges and champions were identified by the first week of June 2018 and the core training team started training volunteers and lecturers at different locations in the state. The details are as follows:

S. No	Training Location	Dates	Districts Covered	No. of Lecturers Trained	No. of Volunteers Trained	Total No. of Champions Trained

CIPACA Institute of Research, Chennai conducted the impact assessment. CIPACA is dedicated in the fields of Emergency medicine, Critical care, Pulmonology, Meditation and Yoga. It works with the single objective of exploring the deeper aspects of medicine and using that knowledge for the benefit of mankind. The research wing works under the guidance of the Research Director - Dr. Raja Amarnath MD DM FCCP EDIC (UK), Professor and Head of The Department, Pulmonary medicine, Director-Critical care, Sree Balaji Medical College and Hospital, Chennai. He is also a senior consultant -Pulmonology, Apollo Hospitals, Chennai.

Introduction

Psychology terms self-esteem, to describe a person's overall sense of self-worth or personal value. Motivation is defined as the process that initiates, guides, and maintains goal-oriented behaviors (Kendra Cherry, 2018). People with healthy self esteem trust their instincts and so are more stable, while motivation is our drive to do things. Self esteem and motivation plays an imperative role for a successful future in students' life.

The HELP (Heartfulness Experience Life's Potential) program visualizes to enable and equip teachers and students to contribute towards a sustainable school reform and community citizenship. It is a 16-week certificate course for students of grades 10 – 12 (Junior College). This being an esteemed project on a mass scale, Heartfulness Education Trust wanted to have an impact assessment with the intervention of the Heartfulness techniques and tools among students, having the assertion that HELP program has brought in an effective change in the basic values system and thereby thinking pattern of the students.

Monitoring and Evaluation

The monitoring and evaluation was done with baseline and end-line measurements to determine the effect of the program on specific qualities of the students. A comprehensive assessment framework is executed that has all the measurement points, tools, and data collection mechanisms in place. The initial study was conducted on Self Esteem and Motivation level of the students. The study examined the student's self esteem and achievement motivation with approaches to studying and progressing lifestyle.

Results

A total of 2095 students were statistically analysed for Mean and p values of pre and post "HELP" Program intervention. Table 1 depicts the demographic profile of the students. Majority of the participants are female (73.1%) than male (26.9%). Most of the students are from Nuclear family (72.9%). Students from Rural area (62.4%) are higher in number than Metro (5.8%), Urban (26.7%) and Sub-urban (5.1%) areas.

Table -1 : Demographic Profile

Variable	Group	Frequency	Percentage
Gender	Male	564	26.90%
	Female	1531	73.10%
Type of family	Nuclear	1527	72.90%
	Joint	568	27.10%
Place of residency	Metro	121	5.80%
	Urban	560	26.70%
	Suburban	106	5.10%
	Rural	1308	62.40%

We initially assessed the Motivation and Self-esteem levels of students and then re-assessed at the end of 16 weeks of the HELP program. After analyzing these levels of the total group we also analysed them under the categories of gender, family type and place of residency.

Motivational Level

Statistical analysis shows that, on the whole, motivation level of students have improved significantly ($p < 0.05$) after intervention ($mb = 62.42 < me = 65.08$). This improvement persisted when we analysed male ($mb = 61.04 < me = 64.07$) and female students separately ($mb = 62.93 < me = 65.46$). Students from Metro ($me = 65.90$), urban ($me = 65.62$), sub urban ($me = 64.14$) and rural ($me = 64.86$) areas also have shown significant enhancement in their level of motivation post intervention (Figure 1).

Table -1 : Figure 1: A comparison of Motivation level at baseline and end line Profile

Self Esteem Level

Overall, the self esteem level of students has increased ($mb = 29.36 < me = 29.47$) post intervention at end line compare to baseline. Mean values of self esteem level, male ($me = 29.22$) as well as female ($me = 29.56$) students have positively improved after the intervention. Irrespective of the family background students from Nuclear family ($me = 29.43$) as well as joint family ($me = 29.57$) showed increased level of self esteem. When analysed based on the place of residents, Self esteem level of students from metro ($me = 29.25$), urban ($me = 29.20$) and rural ($me = 29.64$) areas have improved. However the same is not observed with students from sub-urban area ($me = 29.02$) (Figure: 2).

Figure 2: A comparison of Self Esteem at baseline and end line

Note: mb – Baseline mean value, me – End line mean value

Discussion and Conclusion

Our analysis shows that, the motivation level as well as self esteem of students has increased after the intervention of “HELP” program. This effect has persisted in the sub-group analysis based on gender, type of family and residing place. Practicing the “HELP” program for a longer run might improve these parameters even more intensely and significantly. Studies proved that Meditation influences physical and mental health positively. It induces a state of deep relaxation and calmness. Where there is a lack of motivation - depression comes in. Meditation reduces depression by suppressing negative thinking and promoting healthy rumination thereby improves self esteem and motivation level of the students. To conclude, “HELP” program increases the level of motivation significantly among students, and improves self esteem. Research is required in a large scale to explore the positive effects of this method on the students psyche more deeply.

EXAM TOPPERS

B. Likith

JEE Mains Topper, Chittoor
98.96 Percentile,
Sri Chaitanya Junior College

"Meditation helped me a lot during my time of studies. It kept my stress levels low and concentration really high. It helped me be what I am. I recommend meditation to all students. I believe it can help anyone reach anywhere and be anything they desire if they believe in the art of meditation and are determined enough to practice it."

P. Surya

JEE Mains Topper, Chittoor
98.88 Percentile,
Sri Chaitanya Junior College

"Meditation has really helped me a lot a in scoring these marks in my exams. It has really inspired us from within. I thank the teams from Heartfulness Education Trust who trained us without expecting anything in return. I also thank our college management for conducting this program in our college."

R. Hruthik Sai

JEE Mains Topper, Chittoor
90.36 Percentile,
Sri Chaitanya Junior College

Students have to study for 10-12 hours a day, it is not an easy task. It needs a good level of concentration. Meditation has helped me a lot in maintaining my concentration levels. I meditate everyday. It is my advice to every student to meditate every day. It will help them keep the stress levels down, improve concentration and help them score good marks in competitive and board examinations.

Venkata Ramana

Lakshya Medical Academy, Vijayawada

The life-skills sessions along with meditation sessions are really wonderful. The way these topics were explained by the teams was very inspiring. It has changed the way we communicate among ourselves. Our concentration levels are increasing consistently. As a result of this we are getting good marks in our exams. I thank the Board of Intermediate Education for recommending this program for Junior Colleges. Programs like this will help in moulding students into ideal citizens which will greatly benefit the society. I hope such programs continue year after year for the benefit of the student community.

Chandralekha

Vignan Junior College, Guntur

I would get carried away with external disturbances and influences before I started meditation. I am able to stay centered and calm since I started to meditate. I am able to concentrate better. My sleep is much better and stress levels have come down. Earlier I would panic during exams, now I am able to calm myself down. My problem solving capacity has improved very much.

Sai Durga

Saradaniketan College, Guntur

I faced a lot of problem concentrating in the class before I started meditation. After practicing Heartfulness Meditation I am able to easily grasp what is being taught in the class. I really appreciate the care and affection shown by the Heartfulness Teams while explaining the life-skills topics and while teaching meditation. The atmosphere in the college has become very calm and peaceful since all of us started meditating. I thank the Heartfulness Teams for conducting this program in our college.

Pallavi

Masterminds, Guntur

My concentration and focus levels have gone up considerably. I have in fact taught these meditation and relaxation techniques to my parents. They too use these techniques now to overcome stress and stay calm and peaceful. I had fear of exams which has gone now. The life-skills sessions have greatly helped me introspect and identify my strengths and weaknesses.

Nandini

Government Junior College, Guntur

The rejuvenation technique taught during these sessions has helped me a lot. I do it every evening. I can now easily get rid of all the emotional overload of thoughts which accumulate throughout the day through this simple yet effective technique. I have observed that my sleep quality has become better. This in turn has improved my memory and now I am able to memorize my lessons more easily during my early morning study hours.

Asha Deepti

Chaitanya Junior Residential College, Guntur

Initially when the sessions started I was hesitant to participate as I thought it was a waste of time but when I started to use the Heartfulness tools of relaxation, meditation and rejuvenation it naturally resulted increased concentration while studying. The life-skills sessions about time management have really helped a lot. I would lose my temper at small things, now I am able to control my anger and handle situations calmly. I have even taught my family members these techniques, they have benefitted a lot from them. There is a lot of stress as we have to prepare for multiple competitive exams. Sometimes we don't get enough sleep, in such situations meditation helps us a lot, just ten minutes of meditation relaxes us. After practicing meditation my thought process has changed, while studying I am able to take a multidimensional approach and understand the subject better. The life-skills sessions were really motivating. We would always look forward to participate in these sessions every week.

J Sneha Priya

Narayana Junior College, Nellore

Today in the college we see everybody is stressed be it students or lecturers. In such a situation the introduction of meditation is really helpful. I would describe this meditation in one word - HEAVEN. We are in lot of stress the whole day. Just 15-20 minutes of meditation deeply relaxes us. We mentally feel calm and peaceful, the mind feels like clean slate. My anger has reduced, patience has increased. I am able to focus and concentrate better now on my studies. It would be wonderful if we had these meditation sessions daily.

Karishma

Krishna Chaitanya Junior College, Nellore

I have always aspired to become something in life and want my parents to be proud of me. Whenever I discussed this with my friends and relatives they would make fun of me and took me very lightly and demotivated me. I have attended the HELP sessions, this has given me lot of inner strenght and confidence. The practice of meditation has helped me develop a deep sense of gratitude towards everyone around me, for my parents, my friends and my teachers who have helped me become what I am. The Heartfulness practices have brought a lot of positive change in my life.

Afreen

Krishna Chaitanya Junior College, Nellore

Whenever we are stressed out we are generally advised to take a break, listen to music or watch TV. Since I have started meditating I advice everyone to meditate to overcome stress. Just 15 minutes of practice is enough. Infact we will never be stressed if we meditate regularly. Meditation has greatly helped improve my self confidence. Now no challenge or situation seems very difficult. I really appreciate the way Heartfulness teams have taught us meditation and motivated us with life-skills sessions.

PRINCIPALS FEEDBACK

Mrs. YVD Mangatayyaru

Principal, Montessori Mahila Junior Kalasala, Vijayawada

Meditation practices cannot be easily explained to Junior College students but the way Heartfulness Education Trust has simplified the process, packaged meditation tools with life-skills sessions is really commendable. We thank Mrs. B. Udaya Lakshmi, IAS, Secretary Board of Intermediate Education, Govt. of AP for recommending such wonderful program for students. We have felt a marked change in the students, the age is such that it is difficult to discipline them. Now, after practicing meditation they are much more disciplined, memory and concentration has improved. Their inter-personal relations and that with the lecturers have also improved. Students themselves have liked the practices very much and we have observed that they have started practicing on their own in the campus during recess.

We have also observed that the values imparted through the life-skills sessions have brought a positive impact in their personalities. What we teach in the college is just a part of life but what they have learnt through the HELP Program has given them great inner confidence to face the challenges they will face in their lives ahead with little or no outside help.

Mr. Srinivas

Principal, NRI Educational Institutions, Turakapalem, Guntur

We have most of our students coming in our residential college from surrounding villages and towns. Nowadays we have children mostly coming from nuclear families. These students are brought up with lot of care by their parents. When they come to the hostel environment it is difficult for them to adjust as they are out of the comfort zone of their homes and away from their parents. We try our best to keep up their spirits and make them feel comfortable but there is a certain degree of home sickness which the students feel.

The educational system today is highly competitive which adds to their stress. So, it takes them at least 3-4 months to adjust to the campus life. In this scenario we have seen that meditation and yoga practices help them a lot in overcoming stress. We have seen that after 30 mins of daily Heartfulness meditation they feel peaceful and stress free, they have benefitted not only mentally but also physically. In fact, parents are also happy that students are practicing meditation in the college. The students have become more receptive and have started to realize their inner potential and have adjusted and changed their study patterns accordingly.

The students have started to understand what is right and wrong for them at the tender age of 16-17 years. The program is a great boon for students and we thank the Board of Intermediate Education for recommending this program.

Mr. N. Srikrishna

Director, Masterminds Group of Institutions, Guntur

The program has been going on in our colleges for the past 6 weeks we have seen that the practices have brought lot of change in 2 sets of children.

Firstly in students who are weak in academics and are stressed most of the time. After practicing regularly, we have seen that their stress levels have come down, their memory and focus have improved and they have started getting

better marks in their periodic exams.

Secondly, we have seen that students who are overactive, mischievous and difficult to control in class have calmed down a lot and have shown improvement their behaviour. Our Heartfelt thanks to Dr. Kamlesh D. Patel and Mrs. B. Udaya Lakshmi, IAS for introducing this program in the intermediate colleges.

Dr. R. Devaiah
Principal, Saradaniketan College, Guntur

I would like to share something interesting. This academic year we had 50% more admissions than the previous year. We were worried we would face problems with the students as it takes them 3-4 months to adjust to the college atmosphere.

The HELP Program was introduced this year in our college in August this year and I am happy to say that we have had very little problems with the students thanks to Heartfulness practices. The students have benefitted a lot. They have become more disciplined and attentive in class. They have started to better respect their teachers. I wouldn't say there is a complete transformation in students but the change in very much felt and visible.

Mr. M. Vinod
Principal, Sri Chaitanya Educational Institutions, Gorantla, Guntur

I have been observing that over the past 5-6 years the competitive entrance exams are putting a lot of stress in intermediate students. In residential colleges we see that about 1000 students stay in a single campus. It is not easy for students to adjust in this environment, the competitiveness further compounds the problem. This is a problem for both the college management as well as the students. The Heartfulness meditation practices have helped a lot in overcoming these problems.

We have seen an unfortunate tendency of suicides in students who are unable to cope with the stress. Such programs definitely help in controlling such tendencies.

In my experience if students are motivated, we can work wonders. Unfortunately, in today's educational system there is lack of motivation in both teachers and students as well. The whole system has become mechanical and result oriented. The programs like HELP are very beneficial for college managements, teachers and students as well. I have personally seen lot of reduction in stress levels in students who are sincerely practicing meditation regularly. The problem-solving capacity of these students has greatly improved. They are now better equipped emotionally to tackle challenges. Such programs should continue year after year. The meditation sessions should also be introduced on a daily basis in colleges if the time permits, students will immensely benefit from this. I thank the Heartfulness teams for conducting this wonderful program in our college week after week tirelessly.

Mr. Bhaskar Reddy
Principal, Narayana Junior College, Stonehousepet, Nellore

There are 850 students in our campus. The Heartfulness Teams have been conducting the meditation sessions week after week here. I have seen that the stress levels of students lagging behind in studies has gone down considerably. They are able to concentrate well, their memory has increased as a result of this their marks have also

improved. Many students have requested me to conduct these meditation sessions daily. The transformation seen in the students through the HELP program is really wonderful. I really appreciate the Heartfulness Teams for the way they conduct the sessions in a calm and composed manner. They are doing great service for the overall well being of the student community and the society without expecting anything.

Mr. P Ramesh

Krishna Chaitanya Junior College, Stonehousepet, Nellore

I have observed that the stress levels have come down since the students have started attending the HELP sessions. After seeing this I decided to implement meditation in the college on a daily basis in the morning and afternoon sessions for 10 minutes before the classes start. This has helped students focus and concentrate better in class. Meditation should be made a part of the curriculum for students. It will greatly help them in overcoming the stress they face in junior college while preparing for multiple competitive exams.

TO WHOM SO EVER IT MAY CONCERNED

Dear Heartfulness team members,

I am conveying my gratitude and my sincere thanks through this letter to Heart fullness team for their service to our students.

Thank you Note for excellent service.

This letter is to compliment to the whole team of Heartfulness Programme for the services rendered by you to our students. We have always been pleased with your service at our Branch. We all admired your ingenuity in creating outstanding package of stress relief. Your programme has helped us a lot to stood as a **Best branch** in entire Kurnool district by providing 117 students with 10/10 & a remarkable senior Eamcet rank 1072. Addition to this our excellence in **Jee mains percentile** was flawless, which has been possible by our branch only because of your selfless services.

For all these service by you we would like to express our whole hearted thanks for all the great work your team had done from last 3 years. We hope your services will continue in our Branch.

Thanking you.

To whom so ever it may concern

Dear sir/madam

I write this letter to express my sincere thanks to Heartfulness team for their service to our students. The wonderful mix of both motivation and meditation is fructified in bringing out both cognitive and behavioral change in the students' lives.

Your team's extreme service with indomitable spirit made our students to achieve four better Percentile achievements in IIT JEE mains exam conducted in January 2019. Your programme changes our students' academic and intellectual life. The innovative way of conduct of HELP Programme by Heartfulness team helped not only bright students but also all the students to strengthen themselves in all areas and gained confidence to overcome stress and write the exams and in grooming their personal lives. Once again hats off and kudos to your wonderful programme and innumerable thanks to your organizers.

Thank you sir

Thanking you

"Gratitude is the inward felling of kindness

Thanks fullness is the natural impulse to express

A thanks giving is the following of that impulse."

Welcome! Heart fullness is a beautifully simple practice of meditation that connects us with all the light and love in our heart.

It' our privileges to have been propose thanks on this occasion.

On behalf of the Madonna College Principal, Staff and students we extend heartfelt thanks to the Mrs.SriDevi, Mrs. Malathi Rukmini, and Mrs.Rama from Heart Fullness of Education Trust. On 12.11 .18 to 18.02.19 you have taken sixteen Saturdays to taught meditation for spiritual transformation in your valuable time of your buy schedule.

Thank you Madams, for your motivation to our students through meditation. Now they come to know the important &Benefit of meditation. Madam you make them practice according to the steps to overcome from their stress and for the development of essential life skills and understanding of core of human values. You encourage them to be peaceful mind to study for their great future life.

HELP PROGRAM - WHAT NEXT

The HELP program (Heartfulness – Experience of Life’s Potential) has been a tremendous success in both its scope as well as its impact covering more than 2 lakh students across the entire state of Andhra Pradesh. It is having a deep impact on various social, emotional, and wellness criteria as presented in the impact assessment report above. The rollout of HELP program in the academic year 2018 – 2019 has proved the core underlying fact that the work of Heartfulness is the gentle focus on the heart and it nurtures inspiration from within, resulting in an ever-lasting transformation from the **‘inside-out’**.

Now, more and more schools and colleges are looking up to this AP Model of implementation and want the HELP program in their respective institutions. The work is speaking for itself but this is only the first step, a drop in the ocean and longer distances of depth and breadth is yet to be covered. The Heartfulness team of trainers and volunteers are ever-more enthusiastic to take up this work in much broader dimensions, as they are feeling a deep sense of satisfaction as the reward for the cause they have undertaken.

One of the main focus areas going forward is **“depth in content”**. HELP as it was rolled out in the academic year 2018 – 2019 was a single program with sessions on useful life-skills for 16-weeks. Now, in the academic year 2019 – 2020, we want to take this to the next level. The research teams have started working on **“HELP – Volume 1”** and **“HELP – Volume 2”**. The present HELP program sessions will belong in the Volume 1 and completely new content will be developed for HELP Volume 2. Both these volumes will be catering for students in the age groups of 15 – 20, gradually taking them into deeper concepts of essential skills and tools needed for their holistic development.

The other main focus area is how to **“scale the program”** further. Covering 2 lakh students in Andhra Pradesh was no easy task and a large team of Heartfulness trainers engaged systematically along with Champion Lecturers from within the Junior colleges and delivered the program with passion and enthusiasm. For the academic year 2019 – 2020, we want to double our scale, to cover 1500 colleges touching 4 lakh students or more. Our core teams are deliberating in hiring full-time trainers, along with our volunteers to achieve this task. We sincerely request the Board of Intermediate Education, Government of Andhra Pradesh to issue the recommendation once again for the academic year 2019 -2020, to achieve this expanded goal and benefit double the number of students and colleges.

The future depends on these children becoming good citizens. Heartfulness compliments the current system of education in shaping the future by helping the colleges help their students flower from Inside out. Thank you and we look forward to the next year with more vigor and impact.
